REKLAMASI 填海工程

Dredging

Coal-powered power station port facility dredging
PTU Indramayu is a power plant with a capacity of 30333 MW
using low-rank coal/low-calorie coal as steam which can then drive
turbines and produce mechanical energy for the generator
process into electrical energy.

Reclamation

Pantai Timur Ancol Development Reclamation
Ancol wants to develop their white sandy beach in the East Ancol
area with the hope of becoming a comfortable beach to use as a
vacation for the people of Jakarta.

INFRASTRUKTUR 基建工程

Construction

D.I. Gondang Irrigation Network Rehabilitation
Ongoing rehabilitation work of Panang as part of the seven
normalized reservoirs in Lamongan

Port Construction

Marunda C04 section port construction
PT Kawasan Berikat Nusantara (KBN) plans to build a new port in
the Marunda area, North Jakarta. This port will support goods and
truck traffic activities for the domestic short sea shipping program.
