

concerted effort to realize the Second Centenary Goal of building China into a great modern socialist country in all respects and to advance the rejuvenation of the Chinese nation on all fronts through a Chinese path to modernization," Xi said as he expounded on the missions and tasks of the CPC on the new journey of the new era.

The CPC aims to basically realize socialist modernization from 2020 through 2035 and build China into a great modern socialist country that is prosperous, strong, democratic, culturally advanced, harmonious and beautiful from 2035 through the middle of this century.

People's well-being

Xi pledged to improve the people's well-being and raise quality of life.

"This country is its people; the people are the country. As the CPC has led the people in fighting to establish and develop the People's Republic, it has really been fighting for their support," he stated.

China will improve the system of income distribution. "We will ensure more pay for more work and encourage people to achieve prosperity through hard work," Xi said. "We will promote equality of opportunity, increase the incomes of low-income earners and expand the size of the middle-income group."

China will do more to help those in difficulty find employment and meet their basic needs, and improve the social security system with expanded coverage of social insurance programs, he added.

National reunification

Xi insisted that the CPC will implement its overall policy for resolving the Taiwan question in the new era and unswervingly advance the cause of national reunification.

"Resolving the Taiwan question is a matter for the Chinese, a matter that must be resolved by the Chinese," he stressed.

"We will continue to strive for peaceful reunification with the greatest sincerity and the utmost effort, but we will never promise to renounce the use of force, and we reserve the option of taking all measures necessary. This is directed solely at interference by outside forces and the few separatists seeking 'Taiwan independence' and their separatist activities; it is by no means targeted at our Taiwan compatriots."
